We are the proud owners of a 2019 Keystone Raptor 421CK fifth wheel toy hauler. We chose the toy hauler for the "garage" area to haul our gear. Another name would be "multipurpose" room. We use it as our mudroom, dining room, office, guest bedroom, and garage. We have been traveling full-time in the Raptor for five years. We love the floor plan and it works perfectly for our lifestyle. We can easily accommodate family and friends when they join us on our adventures. This is our second Keystone due to the high quality of their products.
