DX3

Power, Prestige and Precision

The spacious DX3 37TS has contemporary ceramic tile, a Captiva Sands faux leather hide-a-bed sofa and an optional dream dinette ensemble, plus privacy enhancing day/night roller shades throughout the coach.

A Powerful Combination

For some, the journey is as important as the destination. With Freightliner's M-2 powerhouse, DX3 offers excellent horsepower, torque, and towing capacity. This striking Grey Stone exterior paint package is shown on model 37TS. All DX3s are standard equipped with integrated roof mounted power awnings on the entry door side, coordinating slide toppers with covers and an exterior wall mounted entertainment center with a 32" TV, AM/FM/CD/DVD and two speakers.

A Stand Out In Its Class

At Dynamax, a new generation of RVs are coming of age – delivering the best of both worlds. Casual, easy living interiors with fresh decors are designed for maximum comfort and remarkable value.

The DX3 is decked out for the upwardly mobile inside and out, from the cab to the sleeping quarters, keeping you plugged in, safe and entertained. Take control with a dash mounted Infotainment system, USB and iPod links, a premium touch screen AM/FM/CD/DVD radio, an integrated touch screen GPS with navigation and a color back-up monitor with dual side view cameras. There are 4" ceiling mounted TV/radio speakers and a 40" flat screen TV with a Blu-ray home theater system in the living room, and a 32" flat screen TV in the bedroom with a Soundbar and AM/FM/Bluetooth. Outside, there's an exterior entertainment center with a 32" flat screen TV, plus an AM/FM/CD/DVD player.

The ergonomically friendly, well-equipped cab features easy access to the driver and passenger seats from the living area. This 37TS model is shown with a standard 40" flat screen TV in the living area.

This well appointed DX3 kitchen is equipped with rich Cherry hardwood cabinets and stylish raised panel doors, a tile backsplash and solid surface countertops with a flip-up countertop extension.

DX3 models feature a residential two-door stainless steel 16 cu. ft. refrigerator with an ice maker, along side convenient pantry storage.

All DX3 bedrooms are tastefully appointed with this rich Cherry hardwood dresser cabinet with Cherry hardwood doors. A built-in 32" TV with a sound bar and a DVD player is included.

Easy Living

Get up and go!

DX3 is ready to roll, with many popular standards built in, that others might consider options. Wherever the road leads, the DX3 is a welcoming home for entertaining and relaxation.

A large cherry hardwood medicine cabinet with mirrored doors features a luxurious solid surface vanity countertop and matching backsplash.

DX3 bathrooms have a 34" x 34" one-piece fiberglass shower enclosure with glass doors and a foot pedal flush porcelain toilet.

The King size Euro Top mattress has a plush, padded headboard and convenient Cherry hardwood cabinets with raised panel doors overhead.

The DX3 37BH Kitchen is equipped with rich Cherry hardwood cabinets and stylish raised panel doors, a contemporary glass tile backsplash, solid surface countertops and a solid surface sink. The stylish three-burner LP cooktop, over-the-range convection microwave, and residential two-door stainless steel refrigerator with an ice maker make preparing quick meals while traveling a simple task.

Model 37BH is great for family and friends with 28" x 76" bunk beds. A 10.2" flip-down color monitor with a DVD player is available for each bunk as an option.

DX3 Model 37BH includes a 40" TV. Shown above in Southern Comfort décor with a faux leather love seat and Cherry hardwood cabinets.

A convenient stackable washer and dryer is an available option.

The DX3 37BH Master bedroom is furnished with a comfortable King size Euro top mattress. Rich Cherry hardwood overhead cabinets and a Cherry hardwood nightstand with a solid surface countertop create a warm ambience.

Bedroom entertainment features include a 32" flat screen TV, sound bar and DVD player. Cherry hardwood cabinets with raised panel doors provide ample storage space.

Rest Easy

Retreat to the DX3's luxury bedroom for a peaceful night's sleep. Relax while catching up on the day's news, watching movies, or listening to music.

This bathroom has a large 34" x 34" one-piece fiberglass shower with contemporary brushed nickel hardware, a Cherry hardwood medicine cabinet with mirrored doors and matching vanity cabinet with a solid surface countertop and an undermounted solid surface sink.

DX3 is shown with the grey stone full body paint package, a 21' roof mounted power lateral arm box awning with a wind sensor and remote control slide toppers with covers and an exterior wall mounted entertainment center with a 32" TV and AM/FM stereo.

DX3 standards include an Aqua-Hot Model 400LP for quiet, even, draft-free heat circulation, plus a constant flow of hot water.

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, occupants, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GCWR (Gross Combined Weight Rating) - is the maximum permissible loaded weight of your motor home and any towed trailer or towed vehicle. Actual GCWR of this vehicle may be limited by the sum of the GVWR and the installed hitch receiver maximum capacity rating; see hitch rating label for detail.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by each axle.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s), including full fuel, all fluids and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories. *Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, passengers, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

**Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
