

## **PLATINUM TIRE & RIM PROTECTION**

Protect your tires and wheels from road hazards.

Over the course of their life, your tires will take a beating. Unfortunately, road hazards such as debris from other vehicles, nails and screws, fallen rocks, or broken glass can cause damage that prevents your tire or rim from even holding air.

Platinum Tire & Rim Protection provides up to 5 years of coverage for damage caused by road hazards, including:

Damaged tire or rim repair (including mounting, balancing, and installation costs as well as any taxes or levies)

Damaged tire or rim replacement if repairs cannot be done

Tire change or towing assistance

Coverage applies to both original and replacement tires. Coverage is not prorated, is transferable, and there are no deductibles. Platinum Tire & Rim Protection is available for both new and used vehicles.
