2013 PLATEAU TS

The sophisticated interior design and stunning décor of the Plateau reinforces your own impeccable style. Whether you choose the high gloss Truffle Maple cabinetry or the light color tones in the Natural Maple cabinetry, your taste is beyond reproach. The rich touch of UltraLeather™ wraps the rear sofa and front seats providing you with the comfort of leather while being cooler and more durable.

A full bank of picture windows along the passenger's side creates an open and airy concept that highlights the quality and design of this van motorhome. The unobstructed view along the passenger side allows greater visibility when changing lanes along busy interstates and highways.

Hand Crafted custom fit interiors rival the best in the industry. All cabinet doors are skillfully crafted in house starting from raw planked maple. Each maple door is meticulously sanded three times and covered with multiple coats of stain and lacquer to achieve our high standards.

Complete with a porcelain toilet, Corian® counter top, shower, stainless steel sink, vanity storage and a medicine cabinet. This is the most fully functional bathroom in a coach in this class.

Simply push a button and the power rear sofa effortlessly lays down into a queen sized bed. Underneath the supple UltraLeather™ is memory foam which forms to all your contours and provides a comfortable nights rest.

With an abundance of storage and an elegant Corian® counter top spanning six feet in length, you will love your new kitchen. Featuring Baltic Birch drawers with full extension ball bearing glides and positive catch locks, flush mounted stainless steel sink and stove.
