

# FOLD-DOWN CAMPERS

Founded in 1968

1991 Edition

Jayco®

# JAY SERIE

**L**ooking for your first RV? Or an economical way to vacation? You're in good company! Especially if you've got your eye on a Jayco Jay Series™ fold-down camping trailer.

Put simply, Jay Series fold-downs are among the *most* economical campers on the market today. They're hard to beat as a "first-time" investment. And as an introduction to the pleasures of RV living, they're ideal.

For one thing, Jay Series fold-downs, while offering an RV's amenities, give you more of a "back-to-nature" feeling with their open, airy design.

They're also remarkably stowable. Unlike other RVs, a Jayco fold-down can be kept easily in your garage.

Finally, you'll like the price of a Jay Series fold-down. There's one for virtually any budget. And they're all equipped to make camping a totally satisfying experience every time. That, after all, is the best reason to own a Jay Series fold-down. They're built right ... with quality features and appointments that have everybody talking!

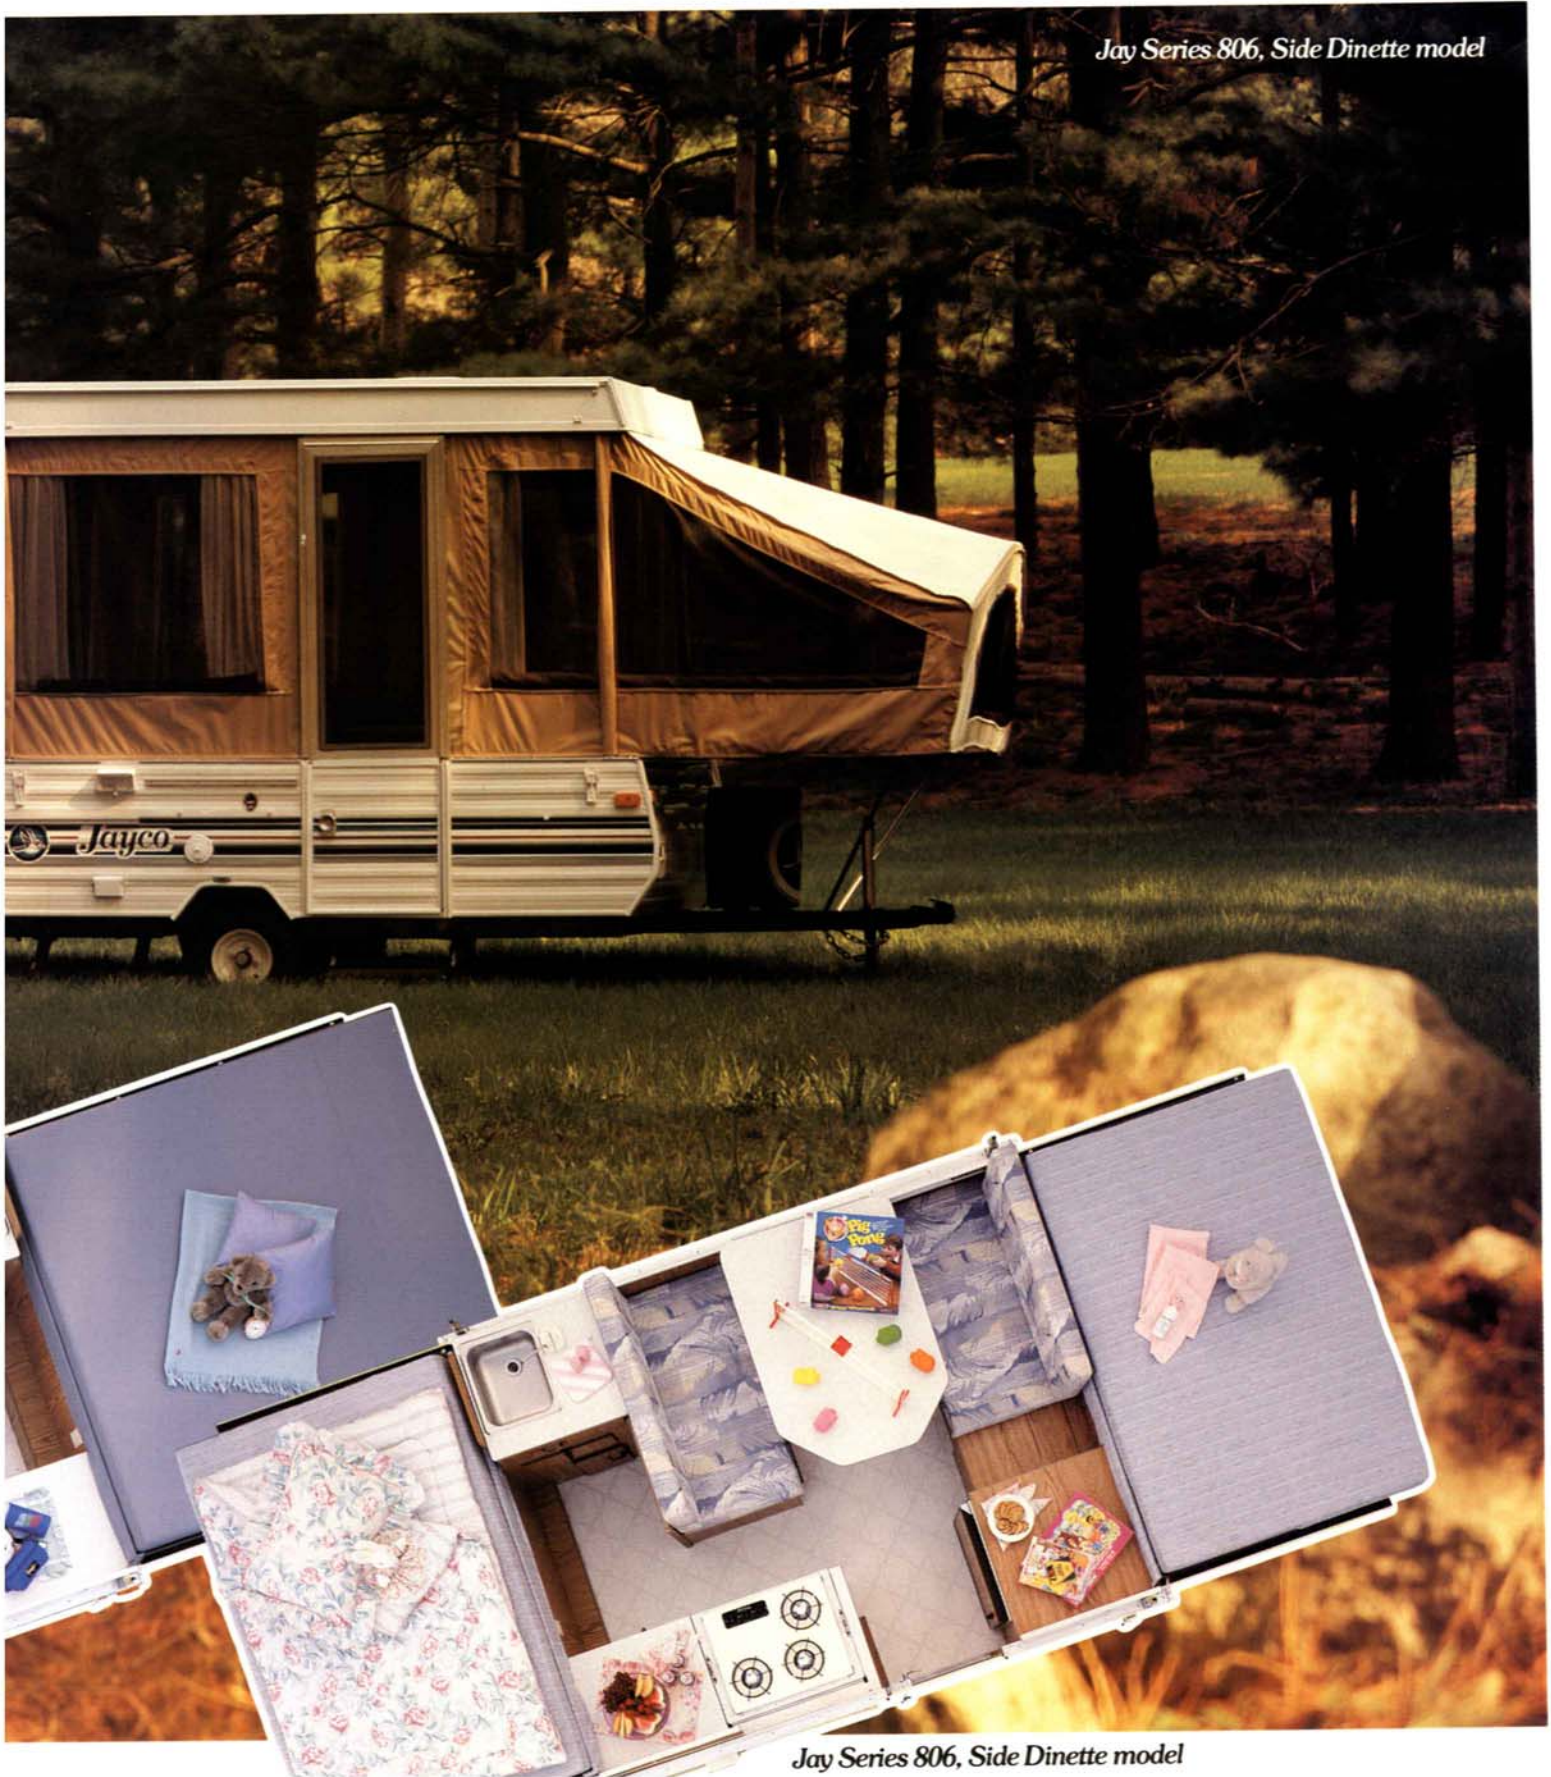

- A patented, fully enclosed, smooth-operating roof-lifter system with a lifetime limited warranty\*
- Torsion-axle, independent suspension for a smooth, stable ride
- Double-stitched tent canvas for extra-long life
- A huge 6-foot-wide bed in some models
- Vinyl-backed seat cushions — just flip them over for use when the kids come in from swimming, for example. The covers are removable for easy cleaning.

continued on page 4

\*Patent No. 3,495,866. Warranty covers original owner only. See your dealer for details.

Jay Series 1006 model

*Jay Series 806, Side Dinette model*

*Jay Series 806, Side Dinette model*

# JAY SERIE

continued from page 2

- Extra-roomy end bunks — with lots of headroom, too
- An optional shower and toilet unit with holding tanks in the 1406 floor plan
- A standard roof vent for additional ventilation — measures 14" x 14", so it's big enough to accept an air-conditioner without further construction modification
- Tinted windows for privacy and sun filtering
- Carry-out stoves — standard on all models — let you cook indoors or out with incredible ease
- A bumper as standard — welded to the frame for extra strength
- A standard spare tire mount
- Self-storing stabilizing jacks, permanently attached so you can't leave them behind
- High-capacity tires that last longer, allow greater cargo capacity
- Galvanized wheel wells — won't rust
- An ABS panel on the front end to protect against scratches and dents from stones thrown up by the tow vehicle
- A 12-volt electrical system with a 6-amp converter for 110-volt operation
- Plus, a great DELUXE OPTION PACKAGE to further enhance your camping comfort

## THE DELUXE OPTION PACKAGE

All these popular features can be yours  
— for one low package price!

- End-bunk privacy drapes
- Attractive bed skirts
- Fashionable valances
- A clothes-hanging bar
- 4"-thick cushions (3"-thick cushions are standard)
- A bracket on one exterior wall that allows the dinette table to be used outside with an adjustable leg
- A patio light
- A convenient outside door holder
- An outside 110-volt receptacle

Jay Series 1006 model with Deluxe Option Package

## SETUP'S A CINCH — for Jay Series™ and Designer Series™ fold-downs!

**1** Position the permanently installed stabilizing jacks, but don't level the camper until it's completely set up. The jacks swing into place easily.

**2** Unlatch the roof. Then open the hatch at the front of the camper, insert the handle in the crank, and turn. As you do, the roof will rise almost effortlessly. The crank is positioned at a height that makes operation comfortable.

**3** Unlike some fold-downs, there are no awkward outside arms to contend with. And a built-in brake mechanism eliminates the danger of free-fall. That means you can stop cranking at any time and the roof will stay put.

**4** Once the roof is up, pull out the end bunks and position the canvas. Rigid steel tracks and rollers make the end bunks slide easily into place. Insert the support bars under the end bunks to give them extra strength and stability.

**5** Now go inside the camper and unfold the upper screen door from the ceiling.

**6** Attach the upper door to the lower door with Jayco's simple, ingenious double hinge, and press the canvas into the groove around the door frame. This interlocking groove system holds the canvas in place much more securely than the Velcro fasteners used on some other fold-downs.

**7** Swing the galley into place and insert the canvas support bars in the end bunks.

**8** Then go outside and attach the canvas to the end bunks by means of the bungee cords (they compensate for inevitable canvas shrinkage over time). Stabilize the camper by adjusting the permanently installed stabilizing jacks.

That's all there is to it! You're ready to enjoy great campsite living in no time!

# DESIGNE

*Designer Series King 6, Deluxe model*

*Designer Series King 6, Deluxe model*

# R SERIES™

*Lockable exterior storage compartments*

*Designer Series Cardinal with tandem axles.*

**N**ow, for those of you who are well beyond the basics, Jayco offers the Designer Series.

It's the ultimate in camping comfort. That, at least, is what Designer Series owners keep telling us.

These people are experienced campers. They know exactly what it takes to tame the Great Outdoors. And they'll testify that the Designer Series is best-equipped to do it. No other fold-down even comes close.

To begin with, Designer Series fold-downs look fabulous — perfectly complementing any outdoor setting.

Second, Designer Series fold-downs offer all the advantages of Jayco's Jay Series™ ... and then some!

With the Designer Series, you get these extra, luxurious camping features that the Jay Series doesn't supply:

- 80"-wide end bunks for added sleeping room and comfort
- End bunk privacy curtains — standard
- 4"-thick cushions with Dacron padding
- An overhead cabinet in some models
- A vanity in some models — for more convenient campsite grooming
- Three roomy outside storage compartments
- Smooth, attractive fiberglass exterior sidewalls
- Molded-ABS end caps with a standard bottle cover integrated into the front end
- Four permanently attached stabilizer jacks — no danger of leaving them behind
- A carry-out table — so you can eat comfortably indoors or out
- A patio light
- A 110-volt outside receptacle
- An adjustable mirror on the entrance door
- An optional shower/toilet/holding-tank unit with a privacy drape in the King 6 Deluxe and Cardinal SD

# THE JAYCO

**T**ake a look at the list below. It shows clearly what's got everybody talking about Jayco! Jayco fold-downs — Jay Series or Designer Series — are styled and appointed for today's campers.

They're extremely well-engineered, too, which means you can set up and strike camp almost effortlessly — and in mere minutes!

Go ahead and compare. The Jayco difference will surely have you talking, too!

## WITH FEATURES LIKE THESE, NOTHING COMPARES TO A JAYCO!

- ✓ Lifter system fully enclosed in body for protection ... no cables or crank mechanism underneath floor (photo A)
- ✓ Roof raised by crank mechanism with automatic brake — protected inside wall (photo B)
- ✓ Push rods push roof up (roof isn't pulled up by cables) (photo C)
- ✓ Lifter system has lifetime limited warranty to original owner\*
- ✓ Roof is domed for extra strength and proper water runoff — comes with 5-year limited warranty\* (drawing D)
- ✓ Floor made of strong, durable plywood, treated to prevent water damage — also comes with 5-year limited warranty\*
- ✓ Independent torsion-axle suspension for a smoother, more stable ride (drawing D)
- ✓ Double-stitched, heavy-duty duck canvas, highly flame-retardant, waterproof, and (unlike some synthetics used) scuff-resistant
- ✓ Large, built-in ice box, well-insulated, complete with shelves, and self-draining for greater convenience (photo E)
- ✓ Carry-out stove in all models (photo F)
- ✓ Positive-locking door and drawer catches throughout — keep storage compartments closed during travel (photo G)
- ✓ Eleven clearance lights for extra safety
- ✓ Vinyl-backed cushions — covers are removable for easy cleaning
- ✓ Bumper is standard — welded to frame
- ✓ Standard 14" x 14" roof vent
- ✓ Air-conditioner ready
- ✓ Standard spare tire mount

\*See dealer for warranty details

Jay Series 806 model

# ADVANTAGE

A. Enclosed lifter system, no cables under the floor.

B. Enclosed crank mechanism

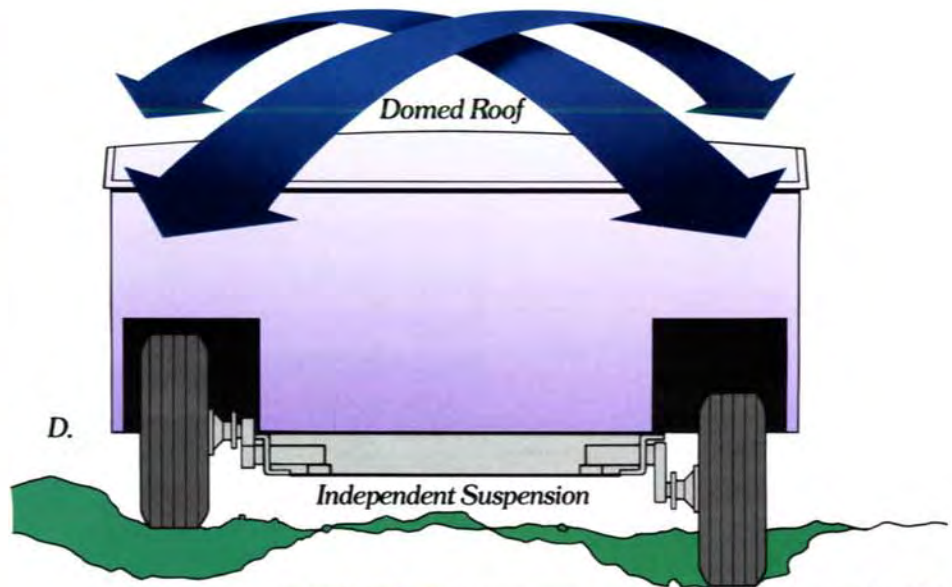

C. Push Rod

E. Large built-in ice box

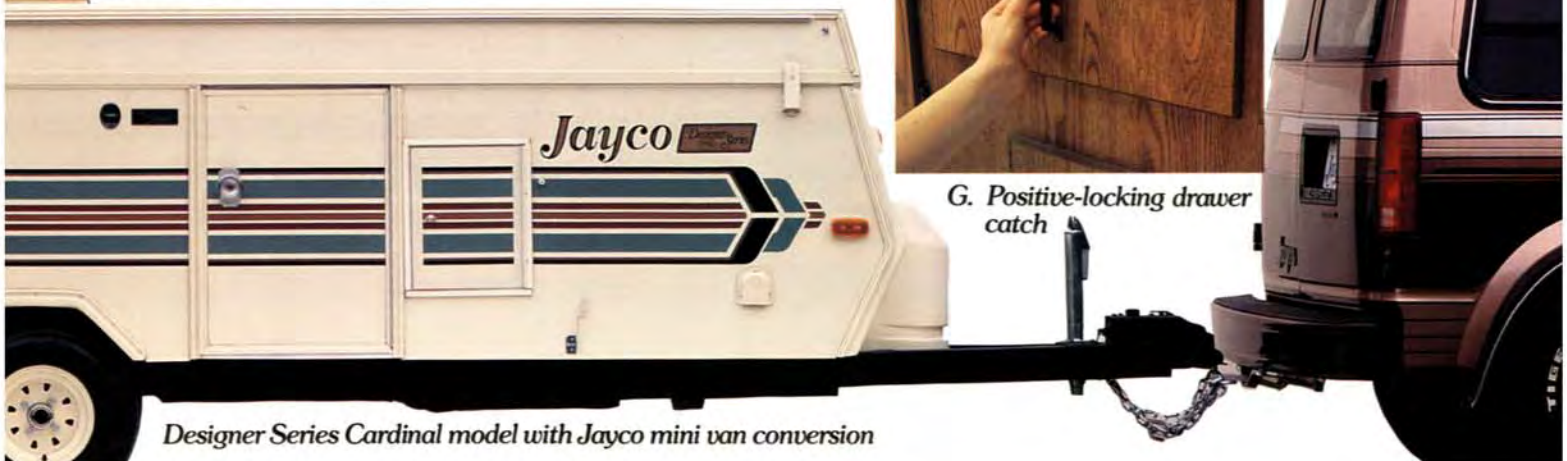

F. Carry-out stove

D.

G. Positive-locking drawer catch

# OPTIONS

**E**ven when you're camping, you want your accommodations to reflect your tastes, your sense of style, your needs. Jayco understands this. That's why we offer the following options. Any of them will help make a Jayco Jay Series or Designer Series fold-down truly your own.

- 1 A Jayco awning — manufactured exclusively for Jayco fold-downs, color-coordinated to both series, self-standing, with spring-loaded poles that eliminate the need for support ropes
- 2 A canvas add-a-room for more private living and storage space
- 3 A screened room for bug-free outdoor activities
- 4 Self-storing awnings for extra convenience
- 5 Either an LP-gas/ 110-volt refrigerator or an LP-gas/ 12-volt refrigerator (model varies by floor plan) in place of the ice box
- 6 A boat rack — for boats up to 200 pounds
- 7 A roof rack for extra cargo
- 8 A bike rack — holds one or two bicycles
- 9 A vinyl spare tire cover and tire
- 10 A molded-ABS Continental tire cover (Designer Series only)
- 11 A retractable step for easier entrance and exit
- 12 A self-storing step
- 13 A completely removable step
- 14 A shower unit (for select models) — with a toilet, hot water heater, holding tanks, and a privacy drape

## LIFTER SYSTEM LIFETIME LIMITED WARRANTY

Jayco, Inc., warrants to the original purchaser of every Jayco fold-down camping trailer that the lifter system is free from substantial defects in materials and workmanship for the lifetime of the fold-down camping trailer. A copy of this limited warranty is available for inspection upon request from your Jayco dealer.

## LIMITED WARRANTY

Jayco, Inc., warrants to the original purchaser of every Jayco fold-down camping trailer that the roof, floor, and the frame are free from substantial defects in materials and workmanship for three (3) years on labor and five (5) years on parts, from the date of purchase under normal use and service. Other components are warranted for twelve (12) months for parts and labor from the date of purchase. This warranty does not apply to any defect in the aesthetics or physical appearance of the unit, nor to normal deterioration of the soft trim and appearance items due to wear and exposure. A copy of this limited warranty is available for inspection upon request from your Jayco dealer. Separate manufacturers' warranties cover various components used in Jayco products.

## PLEASE NOTE:

All illustrations and specifications contained in this brochure are based on the latest product information available at the time of publication approval. Because Jayco continually seeks to improve its products, and also because of changes in the availability of various components, Jayco reserves the right to make changes at any time in prices, colors, materials, equipment, specifications, and models, and to discontinue models without notice or obligation. Components or parts may have been manufactured at times other than the model year indicated. Also, pictures in this brochure may show optional equipment available at extra cost. Recreation vehicles built for sale in Canada may differ somewhat to conform to Canadian codes. See your dealer for details.
