JAYHUNTER™

When adventure beckons, you can bet there's a JayHunter™ not far behind! That's because more and more people are catching on to this classy truck camper's amazing versatility.

It's built tough — to go as far afield as you like. Yet it's comfortable, too — offering the kind of amenities RVers are more accustomed to finding in a mini motorhome. The beauty of it is, JayHunter costs a fraction of what a mini motorhome does! And just look at all it provides:

- A warm, inviting interior — choose from two color schemes: Blue or Brown, with heavy-duty fabrics designed for lots of hard use
- Rich brass and wood cabinet hardware
- Gleaming gold trim on cabinet doors
- Cabinets anchored with screws into sidewall backers for virtually rattle-free travel
- A big, accommodating wardrobe
- Fashionable window valances and drapes with tie-backs
- An optional Extended Cab-over (ECO) available in three models — offers more storage space and either a queen bed or front-to-back twin beds
- Comfortable innerspring mattresses
- A privacy drape for the cab-over area
- A refrigerator — standard in all models
- A three-burner range, power range hood, and range-top cover — all in classic black
- A porcelain kitchen sink
- A smooth, easy-to-clean ABS bathroom unit (optional in the 850) that consists of a shower stall, toilet, vanity, and power roof vent
- Two skylight roof vents
- A 16,000-BTU auto-ignition heater, standard (an optional 20,000-BTU auto-ignition heater is available for all models)
- Incredibly strong vacuum-bond laminated sidewalls and roof
- An outer skin of smooth, durable fiberglass that retains its good looks year after year
- Rubber pads mounted to the front of the camper to protect its exterior from scratches and dents
- Crank-up jacks — standard in all models except the 1150s, which have painted hydraulic jacks

FRONT COVER: JayHunter 1150 ECO and 9-1/2' Sportster with Roof Up for Camping

SPORTSTER™

Take off with a Sportster™, and you've got a great base camp wherever you go! It's roomy, practical, and unbelievably comfortable.

Features like these make it the ideal "getaway camper" for outdoor fun:

- A smooth-operating crank-up roof: provides little wind resistance when lowered for travel; lots of headroom when raised for camping
- A low center of gravity when the roof is down — makes for a truly stable, pleasurable ride
- Jayco's exclusive, patented roof-lifter system with a lifetime limited warranty*: fully enclosed for protection against dust, dirt, and the weather
- "No-tuck" canvas — it's pulled in automatically as the roof is lowered
- A smooth, contemporary-looking outer skin, available in three color choices: Blue, Red, or Green
- Strong, yet lightweight construction
- A laminated and domed roof with a five-year limited warranty (see the back cover): allows proper water runoff and is strong enough to support an air conditioner (in the 14" x 14" roof vent)
- Abundant storage space
- Positive-lock cabinet door and drawer catches
- Storage compartments under the cab-over bunk — ideal for fishing rods
- A cab-over privacy drape
- An overhead cabinet for extra provisions
- A complete galley — with a range, a sink, a two-way pump, city water hookup, a fresh-water tank, and a 75-pound, self-draining ice box with shelves (or an optional refrigerator)
- A 16,000-BTU (or an optional 20,000-BTU) auto-ignition furnace
- A patio light with an indoor switch
- A 20-pound LP-gas tank with a regulator
- Crank-up jacks, standard (painted hydraulic jacks, optional)
- Optional rubber pads

JAYHUNTER CONSTRUCTION

features a vacuum-bond laminated roof and vacuum-bond laminated sidewalls, which impart incredible strength — yet keep the weight light. The lamination consists of:

1. Fiberglass
2. Luan
3. One-inch extruded polystyrene block foam for superb insulation and extra structural strength throughout
4. Interior oak-grained paneling
5. Plywood cabinet backers.

LIMITED WARRANTY

Jayco, Inc., warrants to the original purchaser of every Sportster truck camper that the roof is free from substantial defects in materials and workmanship for three (3) years on labor and five (5) years on parts from the date of purchase under normal use and service. Other Sportster components and all JayHunter truck campers are warranted for twelve (12) months for parts and labor from the date of purchase. This warranty does not apply to any defect in the aesthetics or physical appearance of the unit, nor to normal deterioration of the soft trim and appearance items due to wear and exposure. A copy of this limited warranty is available for inspection upon request from your Jayco dealer. Separate manufacturers' warranties cover various components used in Jayco products.

LIFTER SYSTEM LIFETIME LIMITED WARRANTY

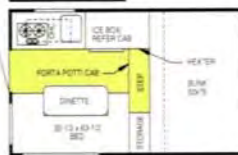

Jayco, Inc., warrants to the original purchaser of every Sportster truck camper that the lifter system is free from substantial defects in materials and workmanship for the lifetime of the truck camper. A copy of this limited warranty is available for inspection upon request from your Jayco dealer.

PLEASE NOTE

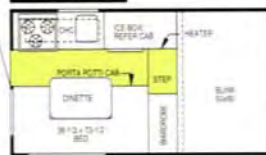

All illustrations and specifications contained in this brochure are based on the latest product information at the time of publication approval. Because Jayco continually seeks to improve its products, and also because of changes in the availability of various components, Jayco reserves the right to make changes at any time in prices, colors, materials, equipment, specifications, and models, and to discontinue models without notice or obligation. Components or parts may have been manufactured at times other than the model year indicated. Also, pictures in this brochure may show optional equipment available at extra cost. Recreation vehicles built for sale in Canada may differ somewhat to conform to Canadian codes. See your dealer for details.
