

NEW! From Jayco...

Jayco's Famous U-Dinette Floor Plan in a Luxury Fold Down

For several years, the Jayco Designer Series fold down camping trailers have set the standard by which all others are judged. With its sleek automotive exterior styling, front and rear storage compartments, solid oak cabinet doors and drawers, and vacuum bond laminated fiberglass construction, the Designer Series allows you to take camping to an entirely new level.

Now with the all new Cardinal UD, featuring Jayco's innovative U-Dinette floor plan, the notion of "a home away from home" takes on a whole new meaning. From its built-in entrance step to its stain guard protected rich fabrics, the Cardinal UD is a true "luxury" camper.

From our family to yours . . .
