Some specs at the time of print may include estimates, for the most updated information, please visit [Jayco.com](http://Jayco.com)

It is important for your safety and enjoyment that you are aware of the weights and tow ratings of the RV you select. Consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your RV before heading out on the roadways. When you tow a vehicle with your RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. Refer to that label to verify the vehicle will meet your requirements. See specifications chart above.

Gross Vehicle Weight Rating (GVWR): The maximum permissible weight of the motorhome, including the Unloaded Vehicle Weight (UUV) plus passengers, personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UUV and the Cargo Carrying Capacity.

### TRAVEL WITH CONFIDENCE • NO ONE OFFERS A BETTER WARRANTY

At Jayco, we build our RVs to handle every adventure, then back them with our industry-leading 2+3 limited warranty. Our 2-year limited warranty has you covered for 2 camping seasons. That's 730 days. In addition, our 3-year structural limited warranty has you covered for 3 camping seasons or 1,095 days. You won't find a better limited warranty in the business, because the only strings that we attach are those that deliver the ultimate in reliability. That's the Jayco difference. So go explore. For a copy of our 2-year limited + 3-year limited structural warranty with complete terms and conditions, please contact your local Jayco dealer.

Generations of family fun.
