## JOHNSTON RV RENTALS

Johnston RV Country has the RV rental you are looking for to make your next vacation even better! We offer top of the line Class C motorhomes, travel trailers, and fold downs that are professionally cleaned and maintained by our staff. It is our goal to show you the convenience and fun of RV camping. Whether you stay in New York State to enjoy the natural beauty of the Catskills, Finger Lakes, or Adirondacks or heading out of state, our rental department is ready to help you.

Travel trailers and fold down trailers offer the convenience of being towed behind a vehicle and left at the campsite so you can explore more. Class C motorhomes are distinguished by their over-the-cab profile and are similar to driving a truck or van. These models provide space and amenities you want providing extra comfort for longer trips.
